

**How do you know this reflexologist is good? Look for the
AoR logo on their promotional materials!**

We're so confident in the quality of our Full and Fellow members' training that we put our name to it! Acting as a seal of quality for members of the public to refer to, our logo is available for all Full and Fellow members to use on their promotional materials. The AoR logo is confirmation that we consider you to be one of the best trained and most professional reflexologists available – and if the member of the public doesn't believe you, they can just ask us! We're happy to confirm the quality of all reflexologists using this logo in an authorised capacity (as Full or Fellow members).
