

MAR

Our Full members are MARvellous – just look for the letters MAR after their names for our confirmation of quality!

We're so confident in the quality of our Full and Fellow members' training that we put our name to it! Sought after by many practitioners, the letters MAR (meaning 'Member of the Association of Reflexologists') can only be used by our Full members after their name.

These letters confirm that you have met AoR's stringent standards for eligibility to Full membership, providing reassurance and a quality standard for members of the public, the NHS, private clinics and other practitioners to refer to.
