

Get 'in the know' with our great range of Introductory Seminars at locations across the country – at specially reduced prices!

Fancy trying out a new technique before you part with hundreds of pounds for the full course? How about a chance to meet and speak with some very well known speakers and learn from them for a day? Or a chance to extend the knowledge you already have?

Sound good? Our range of Seminars has been carefully selected to provide some of the best speakers around to speak about techniques and topics that will be very relevant to you in your everyday practice, whether you're just trying out the technique to make sure it's something you want to go further in, or whether you want to extend your knowledge further and learn from an expert in the field.

And here's the best part – it's all available at a specially reduced cost! If you're a member of the AoR, you can attend Introductory Seminars for our Members' rate of £50 per event. This means that if you attended just two Introductory Seminars per year, you'd make a saving of £80 on the non members' rate - that's more than the cost of your membership fee!
